A HOME FOR EVERY CREATURE

CAPO 3

Penguins & possum, crabs & owls & ducks. A G D
Lobsters & whales, elephants & fox.
There's a home for every creature in mother nature's house.
All those penguins, lobster, possum, ducks & fox.

CHORUS
Lots of animals live in the forests.
Lots of animals live in lakes.
So take good care of the land & the water,
So all the animals can have a happy day.
When they're swimming in the sea or flying tree to tree
They depend on you & me.

Squirrels & otters, raccoons, deer & cranes.
Birds & chipmunks, fish & bears & snakes.
There's a home for every creature. Isn't nature great?
All those squirrels & fish & birds, raccoons & snakes.

CHORUS

Bullfrogs & dolphins, monkeys & blue jays.
Moose & lynx & pandas, even stingrays.
There's a home for every creature. Watch them as they play.
All those dolphins, pandas, monkeys & blue jays.
All those dolphins, pandas, monkeys & blue jays.

CHORUS
